Guns, Shells Stolen

Nine shotguns, one rifle, six to eight boxes of shells and a small amount of change in a cash register were taken from P.J.'s Auto and Home Supply, 108 South Kingshighway, in a break-in last night or early today.

The merchandise was valued at \$750 to \$800, P.J. Schlosser, owner, reported.

Police investigated. Entry was gained through a rear door. Charles Walls, 609 Tanner, reported to police that someone had taken the radio aerial from his car between 9:30 p.m. Friday at 8 a.m. today. The car was parked in front of his house.

Dolph Webb Jr., 329 Pam, reported to police that the occupants of a black 1951 Plymouth were throwing beer cans from the car. The car was traveling on Ables Road and Pam Street. Police investigated.

Police received a call from a nurse at the Missouri Delta Community Hospital at 8:59 p.m. Friday. She told police that a 17-year-old youth being treated at the hospital said he had been in a fight at a drive-in theater. Rodger Coffey, 17, son of Hermann Coffey, 204 Ramsey, East Prairie said two youths had jumped on him.

Dan Byrd, 108 East Wood-

law, reported to police that the two-ton truck he was driving was struck in the rear by a car driven by Lester Rogers on West Malone in front of the Westend Sawway service station.

Nation Salutes Veterans

By THE ASSOCIATED PRESS

Across the nation today Veterans Day observances paid tribute to the millions who have served their country in uniform, while in Washington a Defense Department official warned that "this republic stands ready to meet its responsibilities, cost what it may."

Paul H. Nitze, deputy secretary of defense, told this country's Communist enemies there is dissent and divergence in the United States over the Vietnam war "but there is no disloyalty to duty."

President Johnson continues his inspection tour of defense facilities to coincide with observance of the legal holiday.

In the President's absence, Nitze delivered the main address at ceremonies in the gleaming white marble amphitheater at Arlington National Cemetery, close to the Tomb of the Unknown Soldier.

The Veterans of Foreign Wars voted to boycott the observance to protest a Pentagon order that burials be restricted in Arlington because of the possibility of the

The "Census Clock" in the Commerce Department lobby shows an increase of about four persons every minute.

U.S. POPULATION 200 MILLION

Of the 200 million persons in the United States, about 102 million are females. Two-thirds of the population live in metropolitan counties. Nineteen million are over 65.

United States Population Nears 200 Million Mark

WASHINGTON (AP) -- When the first U.S. census was taken in 1790, the bureau counted 3,929,214 persons -- all on the East Coast.

On Nov. 20 of this year, the Census Bureau will mark No. 200,000,000 -- and a continuing population move to the West.

The 200 million figure will mark the United States fourth in population in the world. Only China, 750 million, the Soviet Union, 240 million, and the United States, 200 million, have populations over that amount. This U.S. population milestone comes just 17 years after the U.S. census counted 150 million persons (one every 17 seconds), and 52 years after the U.S. reached its first 100 million. In addition to the over-all increase, the census breakdown on a geographic basis shows a continuing move west. The center of population in 1790 was 23 miles east of Baltimore. Now it's less than 50 miles east of St. Louis and still going toward the Pacific. The West's share of the nation's population will increase to 19.4 per cent in 1985, according to the Census Bureau. This compares with 16.5 per cent just two years ago. However the West would still have less population in 1985 than any of the other regions.

The move West is mostly at the expense of the Northeast and North Central states, while the South remains relatively stable with about 31 per cent of the nation's population.

California has taken over as the most populous state, with its 19,163,000 (July 1 estimate) topping New York's 18,335,000. New York City still is the largest metropolitan area, but Los Angeles-Long Beach has overtaken it.

Editor's Note: This is the sixth and final article in a series on the nursing shortage in Missouri.)

By JERRY OBERMARK
Nine patients who entered Missouri Delta Community Hospital this spring participated in a project designed to benefit three experienced registered nurses.

The nurses were students in the bachelor of science professional nursing program at Southeast Missouri State College in Cape Girardeau. They provided "comprehensive care" to the nine patients during an eight week period ending May 26.

The nurses spent a week at Anna State Hospital in Anna, Ill., to prepare for the hospital experience practiced here.

Mrs. Betty Ross, Cape Girardeau, Miss Mary Stender, Denison, Ia., and Miss Lydia Bunch, Cape Girardeau, are the nurses who were completing their final requirements to earn BS degrees in nursing.

The trio made up the June graduating class of the professional nursing program at the Cape Girardeau college.

In this final phase of comprehensive nursing practice, each nurse, under the guidance of college professors, chose one patient to whom she gave thorough attention during his entire stay in the hospital.

Before choosing her patient, each participating nurse evaluated her readiness for certain types of experience. Mrs. Mildred Gallagher, director of nursing at the hospital here, and Dr. Helen Kinney, professor and head of the Department of Nursing Education at Cape Girardeau, discussed patients with the students before a choice was made.

Available cases were considered. Doctors were consulted as to their willingness to par-

ticipate and to have patients assigned to the project, and students were briefed by Mrs. Gallagher before she chose the patient.

The student planned 24-hour nursing care for the patient using a college professor as nursing consultant.

Each nurse concentrated on only one patient during his stay. "After choosing the patient, we concentrated on focusing complete attention on meeting his total needs," Miss Bunch explained.

SMALL PART
Comprehensive nursing practice is just a small part of the total picture. The course credits the experienced registered nurse with four of the 124 hours of college credit required for her degree. But it is a picture worth a second look.

For those four credits each nurse worked in the hospital here for 16 hours or more a week for eight weeks. She also spent eight hours conferring in college lab and many hours of research and paper work for the project.

In addition, the students were enrolled in a three-hour lecture course in comprehensive nursing theory, which included team nursing and joint planning and participation in the rehabilitation of the patient, as well as current nursing tools for interviewing used in giving professional level nursing care.

The hospital work tied the theory with the practice of comprehensive care and solidified the advanced nursing methods. It is an integral part of the nursing program designed to give the experienced nurse added "depth" and "breadth" in nursing, Dr. Kinney explained.

A registered nurse must have at least one year of staff nursing experience before she is admitted to the BS nursing program at the college.

In addition to the advanced study of nursing methods and techniques, the BS in nursing curriculum requires them to obtain grounding in science, sociology, psychology, nutrition, anthropology and mental hygiene, plus the general college requirements of American history, government, speech and English.

The advanced nursing student is encouraged to broaden her interests and knowledge. She is required to complete the senior level elective courses in other than nursing subjects.

ESTABLISH RAPPORT
A patient lying in a hospital often has problems other than his physical ailment. He may be worrying about how he is going to pay the bills, or he may have other hidden fears that may aggravate his physical illness and lengthen his stay, Miss Stender added.

"We try to establish a rapport with the patient in this comprehensive care program so he will feel at ease with us and discuss his situation. We try to meet his psychological and sociological needs as well as the physical," Miss Stender said.

As a part of her comprehensive nursing practice the nurse makes a case study of the patient to whom she is giving the comprehensive nursing care.

The information gleaned from the patient and the insight gained from her experience in this project is designed to make her more aware of all the patient's needs. This knowledge will help her in work as professional nurses, Mrs. Ross said. The aim of the comprehensive nursing practice is to motivate the nurse to use all her experience and knowledge in making judgments to help the patient, Dr. Helen E. Kinney,

Four Die in Bluff Accidents

Four persons died and 10 persons were injured Friday morning in two separate highway crashes in the Poplar Bluff area.

A Rombauer woman, Mrs. Grace Johnson, 58, was killed at 7:30 a.m. in a head-on collision on U.S. 60 east of Poplar Bluff Municipal Airport. Her husband, Tom Johnson, 60, was hurt critically. Six Poplar Bluffians in the other car were seriously hurt. They were the driver, Mrs. Karen Russell Cooper, 24, Mrs. Ruby Woodridge, 27, Mrs. Mildred Pierce, 42, John Allis, 23, Jim Gifford, 22, and Gifford's wife, Luana, age 25.

All in the Cooper car were employed by the Broseley school system and were enroute to work. Also seriously injured was Carl Powell, 54, driver of a truck that turned over onto its side in trying to avoid the wreckage of the cars.

Powell said the Cooper car passed his truck and struck the oncoming Johnson car head-on. Powell's heavily loaded truck overturned as he braked to halt the vehicle.

The slick blacktop highway was drenched with rain and visibility was extremely poor.

A truck driver burned to death in the cab of his vehicle and a baby was killed in another car involved in a grinding wreck near York Village on U.S. 67 north of Poplar Bluff shortly before noon Friday.

The truck driver has not been identified. The truck is owned by Charles Smith of Mena, Ark.

The other victim was the one-year-old son of Mr. and Mrs. Joseph Riggins, of Arnold, Mo. The Riggins were injured seriously, as was their other child, 4-year-old Rebecca. They were taken to the Doctors' Hospital. Riggins died early this afternoon.

The body of the truck driver was removed to Gish-Bowles Funeral Home in Piedmont where attempts are being made at identification.

A car with Kentucky license plate struck a bridge abutment of the Calro bridge at 8:45 a.m. Friday when she lost control of her car, troopers said. The car went down the levee and overturned. She was thrown from the car and it rolled over on its side.

Johnson, addressing the ship's company at a special holiday ceremony on the flight deck of the big Enterprise, steaming just off San Diego Harbor, also seemed optimistic about prospects for ending the war.

"How many nights must we suffer the nightmare of war," he asked, and went on to supply these replies:

"Not long... not many more nights... not while we stand as one family, one nation, united in one purpose."

This was no dream, the President said, but was "courage and conviction talking."

Johnson, then aiming his words directly to Hanoi, said: "You force us to fight but you have only to say the word for our quarrel to be buried beneath the waves."

Promising that U.S. officials "will press the search for peace to the corners of our earth," Johnson said, "That meeting ground could even be the sea."

The President said that "For us, the war room could readily be a conference room" and went on to suggest that "A neutral ship on a neutral sea would be as good a meeting place as any."

Then he outlined in general terms his ideas about the requirements for such a parley: "So long as two came to the meeting. So long as both met halfway. So long as one did not insist that the other walk on water and work a miracle along."

Johnson also suggested that any Vietnam settlement must be built on "the two central and timeless principles of the Atlantic Charter" to which Franklin D. Roosevelt and Winston Churchill, as leaders of the U.S. and Great Britain, had subscribed.

SPRINGFIELD, Mo. (AP) - Dr. Alfred O. Canon of Memphis, Tenn., was named president of Drury College by the trustees.

He will take office next July as the college's 10th president, succeeding the late Dr. Ernest Brandenburg who died last March.

"I graduated from nursing school with the intention of getting a BS in nursing as soon as possible," Miss Stender said. Her first job as a nurse was with the university hospital in Iowa City, Ia. No evening courses were offered in nursing at the university, so she left after one year.

She returned to St. Louis then as a clinical instructor at Lutheran Hospital for two years and attended Washington University School of nursing part time to earn credits for a BS.

"At the rate I was going it would have taken me 10 years to earn a BS," she said.

Through correspondence with a former roommate in Lutheran Hospital School of Nursing, she learned of the BS program at Cape Girardeau.

After studying the materials on the program at Cape Girardeau and an interview with Dr. Kinney, she applied for admission, was accepted and enrolled in August, 1965.

Miss Stender entered the general nursing program with 22 credits transferred from other universities. At the end of her first semester at Cape Girardeau, she wrote the National League for Nursing graduate nurse examination and was granted 33 credits for her basic nursing requirements.

She has worked as an RN part-time at Southeast Hospital in Cape Girardeau while attending college. Last summer she was a lab assistant with the first-year students in the AA nursing program.

She is now teaching students in their second and third years.

Rodger Coffey, 17, son of Herman Coffey, 204 Ramsey, East Prairie, said two youths had jumped on him.

Dan Byrd, 108 East Woodlaw, reported to police that the two-ton truck he was driving was struck in the rear by a car driven by Lester Rogers on West Malone in front of the Westend Saveway service station.

Nation Salutes Veterans

By THE ASSOCIATED PRESS
Across the nation today Veterans Day observances paid tribute to the millions who have served their country in uniform, while in Washington a Defense Department official warned that "this republic stands ready to meet its responsibilities, cost what it may."

Paul H. Nitze, deputy secretary of defense, told this country's Communist enemies there is dissent and divergence in the United States over the Vietnam war "but there is no disloyalty to duty."

President Johnson continues his inspection tour of defense facilities to coincide with observance of the legal holiday.

In the President's absence, Nitze delivered the main address at ceremonies in the gleaming white marble amphitheater at Arlington National Cemetery, close to the Tomb of the Unknown Soldier.

The Veterans of Foreign Wars voted to boycott the observance to protest a Pentagon order that burials be restricted in Arlington because of the possibility the

United States Population Nears 200 Million Mark

WASHINGTON (AP) -- When the first U.S. census was taken in 1790, the bureau counted 3,929,214 persons -- all on the East Coast.

On Nov. 20 of this year, the Census Bureau will mark No. 200,000,000 -- and a continuing population move to the West.

The 200 million figure will register on the "Census Clock" in the lobby of the Department of Commerce at about 11 a.m. on Nov. 20. The "clock" estimates population growth in the United States by averaging the number of births (one every 1 1/2 seconds), deaths (one every 17 seconds), immigrants (one a minute) and emigrants (one each 23 minutes). This would show a net increase of one person every 13 1/2 seconds, or about four a minute. When the "clock" marks No. 200,000,000, it will place the

United States fourth in population in the world. Only China, 750 million 510 million and the Soviet Union 240 million have populations over that amount.

This U.S. population milestone comes just 17 years after the census counted 150 million persons and 52 years after the U.S. reached its first 100 million. In addition to the over-all increase, the census breakdown on a geographic basis shows a continuing move west. The center of population in 1790 was 23 miles east of Baltimore. Now

it's less than 50 miles east of St. Louis and still going toward the Pacific. The West's share of the nation's population will increase to 19.4 per cent in 1985, according to the Census Bureau. This compares with 16.5 per cent just two years ago. However the West would still have less population in 1985 than any of the other regions.

The move West is mostly at the expense of the Northeast and North Central states, while the South remains relatively stable with about 31 per cent of the nation's population.

California has taken over as the most populous state, with its 19,163,000 (July 1 estimate) topping New York's 18,335,000. New York City still is the largest metropolitan area, but Los Angeles-Long Beach has overtaken it.

WASHINGTON (AP) -- President Johnson, marking Veterans Day aboard a carrier at sea, challenged Hanoi today to meet with American representatives aboard a neutral ship on a neutral sea to talk peace.

Johnson, addressing the ship's company at a special holiday ceremony on the flight deck of the big Enterprise, steaming just off San Diego Harbor, also seemed optimistic about prospects for ending the war.

"How many nights must we suffer the nightmare of war," he asked, and went on to supply these replies:

"Not long... not many more nights... not while we stand as one family, one nation, united in one purpose."

This was no dream, the President said, but was "courage and conviction talking."

Johnson, then aiming his words directly to Hanoi, said: "You force us to fight but you have only to say the word for our quarrel to be buried beneath the waves."

Promising that U.S. officials "will press the search for peace to the corners of our earth," Johnson said, "That meeting ground could even be the sea."

The President said that "For us, the warroom could readily be a conference room" and went on to suggest that "A neutral ship on a neutral sea would be as good a meeting place as any."

Four Die in Bluff Accidents

Four persons died and 10 persons were injured Friday morning in two separate highway crashes in the Poplar Bluff area.

A Rombauer woman, Mrs. Grace Johnson, 58, was killed at 7:30 a.m. in a head-on collision on U.S. 60 east of Poplar Bluff Municipal Airport. Her husband, Tom Johnson, 60, was hurt critically.

Six Poplar Bluffs in the other car were seriously hurt. They were the driver, Mrs. Karen Mussell Cooper, 24, Mrs. Ruby Woodbridge, 27, Mrs. Mildred Pierce, 42, John Alls, 23, Jim Gifford, 22, and Gifford's

wife, Luana, age 25.

All in the Cooper car were employed by the Broseley school system and were enroute to work.

Also seriously injured was Carl Powell, 54, driver of a truck that turned over onto its side in trying to avoid the wreckage of the cars.

Powell said the Cooper car passed his truck and struck the oncoming Johnson car head-on. Powell's heavily loaded truck overturned as he braked to halt

the vehicle.

The slick blacktop highway was drenched with rain and visibility was extremely poor.

A truck driver burned to death in the cab of his vehicle and a baby was killed in another car involved in a grinding wreck near York Village on U.S. 67 north of Poplar Bluff shortly before noon Friday.

The truck driver has not been identified. The truck is owned by Charles Smith of Mena, Ark.

The other victim was the one-year-old son of Mr. and Mrs. Joseph Riggins, of Arnold, Mo.

The Riggins were injured seriously, as was their other child, 4-year-old Rebecca. They were taken to the Doctors Hospital.

Riggins died early this afternoon. The body of the truck driver was removed to Gish-Bowles Funeral Home in Piedmont where attempts are being made at identification.

A car with Kentucky license plate struck a bridge abutment Friday when she lost control at 9 p.m. Friday one mile east of Sikeston on U.S. 60. The vehicle was traveling west.

The driver left the scene of the accident walking and has not been identified, the highway patrol said.

A 45-year-old Paducah, Ky., woman is in serious condition in St. Mary's Hospital in Cairo today after she lost control of her car on slick pavement.

Mary Cooper was traveling east on U.S. 60, one mile west of the Cairo bridge at 8:45 a.m. Friday when she lost control of her car, troopers said.

The car went down the levee and overturned. She was thrown from the car and it rolled over on accident walking and has not her.

Drury Names New President

SPRINGFIELD, Mo. (AP) -- Dr. Alfred O. Canon of Memphis, Tenn., was named president of Drury College by the trustees.

He will take office next July 1 as the college's 10th president, succeeding the late Dr. Ernest Brandenburg who died last March.

Canon, 45, is professor international law and government and dean of alumni and development at Southwestern College in Memphis.

Two-thirds of the 1.3 million Costa Ricans live in rural areas. The economy is basically agricultural.

Train Hopper Overturns

A 210-ton hopper type Frisco Saturdays, but it will be held at train car, fully loaded with wheat, Chaffee today until the tracks are derailed and overturned blocking cleared, Preston Howell, cashier

the main Frisco rail line through for Frisco Railroad here, said. Sikeston at 10:30 a.m. today about A derrick train car will be two blocks north of Scott County needed to move the huge rail car, group of about seven hopper-type

Frisco representatives called cars were being switched from the main Frisco line to a spur line beside it. The locomotive engine, driven by Jimmy Slayton, Chaffee, switched onto the spur safely, but the first car being pulled "split the switch."

The car continued to run parven tically on the tracks and partially off for a distance of about 150 feet from the switch, a Frisco representative at the scene said.

The heavily weighted rail car finally got off the tracks completely, and its wheel sunk into the loose chat and travel at the side of the rail lines. The sway of the car and the weight inside caused the main body of the rail car to snap and separate from the wheels, which had embedded in the chat.

The rails on which the car now lies were moved by the accident, but repairs are expected to be made quickly after the wrecked car is moved.

Several bushels of wheat spilled next to the tracks after the car overturned. No injuries resulted.

SAIGON (AP) -- President Nguyen we will observe 24 hours of Vietnam today South cease-fire like last year," Thieu said in answer to a question about a possible Christmas truce, and added, "and maybe in the New Year's time, 24 hours, and for the Tet time 48 hours like last year."

Thieu made no reference to his proposal of a bombing pause over North Vietnam in return for an indication from Hanoi of a willingness to talk peace. He also said he did not say if the Christmas, New Year and Tet cease-fires in the North, as they have in the past.

Lewis-Inman Circle Plans Sale, Party

The Lewis-Inman circle of the Woman's Missionary Society of the Tanner Street Church of God met at the home of Mrs. Andy Hill at 7:30 p.m. Thursday. Mrs. Horace Byrd presided. The opening prayer was in unison. The secretary's and treasurer's reports were given.

The circle will sponsor a bake sale Nov. 22. A Christmas party and Christmas prayer vigil were discussed. The circle voted to draw names for the exchange of Christmas cards and to give an offering for Christ's birthday instead of giving gifts.

The program was presented by Mrs. Muri Keefer, program chairman, and Mrs. Vernon Guttenfelder, spiritual life director. The theme of the lesson study was "Above the Barriers." A skit on "Jesus and the Woman at the Well" was given. Mrs. Byrd gave the part of Jesus and Mrs. O. C. Lewis gave the part of the woman.

Others present were Mrs. Mary Klutts, Mrs. Ivan Glimin, Mrs. Mac McGahey, Mrs. Bob Tyrone, Mrs. Bedford Robinson, Mrs. Lloyd Trece, Mrs. Florance McClain and Mrs. Joe Lopp. Cake, punch, coffee, nuts and mints were served by the hostess.

THE BUCKNER RAGSDALE CO

POPLAR BLUFF -- The Sikeston High School Bulldog football squad, rated sixth in the state, didn't have any scoring champion this season but did have the Northern Division championship of the SEMO Football Conference after last night's 6-0 win over the defending champion, the Poplar Bluff Mules.

Coach Bill Sapp's squad, which had the district scoring leading in 1966 while Poplar Bluff had the conference title, saw his young but determined group take the game in the mud at Mule stadium.

The lone score came in the opening minutes of the second half as junior halfback Dennis Snelling, returning to the line-up for the first time in three weeks at par condition, broke lose for a 49-yard touchdown punt with 10:42 remaining in the third period.

That's all the Dogs needed. They continued to dominate the game with their hard nose defense as they had in the opening half.

Senior fullback Eddie Felker set a total yards gained record for the school with 142 total yards for the game and 1,133 for a nine game season, breaking the school record set in 1960 by Norman Dockins, who rolled up 1,089 yards in 10 games for a 108.9 yard average per game. Felker's game average was 125.9.

Senior Mike Garner was the big menace to the Mules of-fense - slamming their backs for five unassisted tackles and causing four fumbles.

Sikeston dominated the game from the opening kickoff and

might have humiliated the Mules if the field conditions had been better as the Dogs defense kept the Mules in check and forced them to fumble nine times during the game.

While accomplishing the two objectives mentioned, the Bulldogs also ended the season with only 49 points scored upon them. . . the least in the district. . . while shutting out four opponents and the Mules for the first time since 1964.

Ankle - deep mud and heavy rain plagued the action at Mule stadium, but seemed only to hamper the host as the Dogs ran 47 plays for 284 yards while the Mules had 146 yards on 34 plays.

While forcing the nine fumbles by the Mules - of which eight were snatched up by aggressive Sikeston defenders - the

Bulldogs gave the ball up on three of four fumbles themselves.

Of the 22 starters, 12 seniors were enjoying their victory and the prestige of beating the previously number one team in the state.

Bluff had won 21 straight games until two weeks ago when Charleston ended the streak. The Mules then lost to Jefferson City.

Sikeston's victory was its 13th in the last 14 outings, the only blemish a 14-14 tie with Cape Girardeau Central. Sikeston's last loss was to Poplar Bluff last year on the Dog's home turf.

It was their first undefeated season since 1955. Sikeston now has 21 wins, 10 losses and four ties in the series with Bluff.

In a game that is plagued by the rain like last night's game, the heavier team tends to have the advantage, but the Mules' 12-pound backfield advantage over the Dogs didn't seem to help Bluff.

Going into the title contest, Sikeston was rated sixth in the state and was topped by Cape Central, which was ranked fourth with a 7-4-1 record. They lost to Poplar Bluff and tied Sikeston.

The mud problem was so bad that a Sikeston player went in after one play, and the field of-ficials mistook Dennis Snelling for a Poplar Bluff player when he recovered a fumble.

It was a sweet victory for Coach Sapp and his assistants, Norman Lambert and John Brooke.

Statistics:
SIKESTON
47 plays for 284 yards

Portageville's Hopes Fade In Second Period Drought

PIGGOTT, Ark. -- The major factor in the game between Pig-gott and Portageville, as in all other games in the area last night, was the pouring rain which turned the field into a swamp.

The Arkansas eleven "swam" to on the conversion attempt left a 13-7 victory on its home field.

The loss left Portageville with a record of 5 and 4 over 11 and 3 and 2 in conference play. They finished fourth in the Southern Division.

Portageville got off to an early one-point lead when Clyde Dur-den ran a punt back 56 yards for a touchdown. Dennis Fisher added the extra point.

In the second period Piggott tied the game when Mike Faucett scored from the three after a blocked punt was recovered there. Bill Huffman kicked the extra point.

In 1936 All Baba was disqualified in a New Jersey wrestling bout against Dave Levin but the State Athletic Commission reversed the decision and per-mitted All Baba to keep the title; however, on June 26, same year he lost the title in Columbus, Ohio to Everett Marshall.

Next to Barker's 96 points was teammate Randy Pace, who had 13 TD's for the season and one extra point for 79 points.

Poplar Bluff's Northern Division leading duo, Leroy Moss and John Brown, were shut out last night as Sikeston scrapped to a 6-0 title victory, leaving the pair tied for the North lead with 13 TD's each for 78 points.

Five players scored more than 70 points this season, the four mentioned above and Mike Gatto of Perryville, who had 73 points on seven TD's and 31 extra points, leading the district in the PAT department.

Malden, which swept to the Southern title undefeated, had the division's PAT leader in Mark Norrid, who had 19 to his credit in the Green Wave 10-game schedule.

The district's leading offensive machine was Malden, coached by G. W. Dean and Rick Hickenbottom. Malden scored 297 points in 10 games, followed by Southern Division foe Portageville with 281 points.

Sikeston, the Northern Division champions, was the leading defense squad, allowing 49 points to its opposition in nine games, shutting out four of their opponents, ending the season last night in the championship game with Poplar Bluff, shutting out the Mules for the first time since 1964.

The Bulldogs were the only undefeated squad in the district during the 1967 campaign, having only a tie (14-14) with Cape Girardeau Central as their only blemish.

Malden Claims Southern Title

DEXTER -- Malden's Green Wave must have felt right at home on the water-soaked football field last night at Dexter. The game decided the conference championship. Malden went undefeated in conference play and lost only one game all year, that to a Northern Division team, the Jackson Indians. Malden won nine games. The Green Wave opened its season with a victory over Kennett, then lost to Jackson. After that loss, Malden reeled off eight consecutive victories, beating Gideon, Caruthersville, Portageville, Hayti, Chaffee, East Prairie, Ilmo-Scott City, and Dexter.

Gideon Ends With Loss Eagles End With Win

GIDEON -- Pocahontas, Ark., defeated Gideon in a football game last night, 13-12, but few other details of the game are available.

No statistics were kept after Gideon's statistician watched his papers turn pulpy and run off his clipboard early in the game. The loss left Gideon's record at 2-5-2 for the season.

Gideon scored the only touchdown of the first half on the 60-yard pass from Ron Lowery to Eddy Smart, who made several spectacular catches of the wet ball. Gideon led 6-0 at the half.

The Arkansas team took the lead in the fourth quarter when a punt was returned 40 yards into the endzone. Gideon regained the lead after stopping a Pocahontas drive on the one yard line and marching 99 yards for a score. Lowery carried the last six yards for the touchdown. Pocahontas pulled out the game in the final two minutes on a drive capped by a 15-yard scoring run. The conversion attempt failed, but Pocahontas held its one-point lead.

In 1903 when they played the first World Series between the Boston Red Sox and Pittsburgh, it was conducted on a best five out of nine -- the Red Sox won five of the eight games played. 1921 was the last year that five games were required.

The stars of the game for Malden would appear to be all offensive players, but the defense also played very well, keeping Dexter in check all night.

Jackson Blanks Jays

JACKSON -- The surprising Jackson Indians fought to a 7-0 victory over a highly touted Charleston eleven, closing the football seasons for both squads. The game's lone touchdown came on a six-yard run by Jackson's Leon Tollison. Steve Sawyer added the extra point.

After a 7-6 upset over the Poplar Bluff Mules, the Bluejays were ranked 10th in the state, but they were not mentioned in this week's poll after losing to Cape Girardeau Central last Friday. Their 6-4 record left them in fifth place in the final Northern Conference standings.

The Indians, a young team with good size and speed, finished the season with an overall record of five wins and five losses. They won two conference games, lost four, and finished behind the Jays.

TULSA (AP) -- The Kansas City Blues broke their road losing streak by outskating the Tulsa Oilers, 3-1, in a Central Hockey League game Friday night.

Veteran player-coach Doug Harvey had a hand in all three Kansas City goals. Harvey scored in the first period while his team was shorthanded. He also set up Gary Sabourin for a first period tally and George Guilbault for a goal in the second. Both of these came while the Oilers were shorthanded. It was Tulsa's first home loss in seven starts, and Kansas City's first road victory in five attempts.

Cape Takes Over Second Place Seat

PERRYVILLE -- The Cape Girardeau Central Tigers, a tough and talented football team, followed Sikeston's Bulldogs to the top of the standings in the Northern Division last night by defeating a scrappy Perryville team, 13-7, to move into the Northern Divisions second place seat, ahead of Poplar Bluff.

Central jumped into the lead before halftime, scoring in the second quarter when Jim McCulley bulldozed over from the one yard line. The conversion attempt failed, and Cape went to the locker room leading, 6-0.

When play resumed, the Tigers scored what proved to be the winning touchdown in the third

period on a 27-yard pass from quarterback Pat Godwin to Mark Stuart, who also kicked the extra point. Stuart had an outstanding season, scoring 52 points and catching more passes than anyone else in the district.

A look at the statistics shows that Cape completely dominated the contest. The Tigers topped the Pirates in first downs (18 to 8), passing yardage (55 to 8), and rushing yardage (215 to 102). They also gave up the slippery ball only twice on fumbles and interceptions compared to six times for the pirates, Cape was penalized 45 yards and Perryville 40.

After the big victory last night, the Cape Central's overall record stands at eight wins, one loss

Carmean Too Much For Kennett Tribe

By GARRY WESS
Standard Sports Writer

CARUTHERSVILLE -- Well, Kennett fans finally have something to rejoice about: the Indians can't lose any more football games this season as they closed out their disastrous 1967 campaign last night with a 21-6 loss to Caruthersville, ending with a 1-8 overall slate.

Hopes of a Kennett victory were raised in the first quarter when a Tiger punt was blocked and recovered by the Indians on the four yard line. Four plays later, Ed McKinney scored from the one-half yard line.

Paul Carmean scored all Caruthersville touchdowns. The first of his scores, this one from 13 yards out, tied the game in the second quarter. The conversion by Mike Fisher put the Tigers on top for good. Carmean added another TD in the third period on a 45-yard runback of a pass interception. The PAT was added by Fisher.

Carmean still wasn't finished. He put the final score on the board late in the fourth quarter when he scored from five yards out. Fisher kicked his third extra point in as many attempts, not a bad trick with a wet and muddy pizskin.

They tell this one about the fabulous Babe Herman when he used to play with the Dodgers. Herman doubled one day and was standing on second base. The opposing catcher fired down to the second baseman who put the tag on Herman. Herman was flabbergasted. "Go whiz ump," he said. "I was standing right on the bag tapping my foot up and down." The umpire gave him a cold look and replied. "That might be Babe, but he tagged you between taps."

Caruthersville closed out its season with a 4-2 record in conference play and a 6-3 overall record. The Tigers finished third in the Southern Division behind Malden and Dexter. Kennett won only one ball game this year and dropped eight, including all six of their conference bouts.

The win marked the second in a week for the Pirates, who finished as the district's top team last season with an overall 30-2 record. They are 2-0 this season.

Matthews Tops Bloomfield

BLOOMFIELD -- The district's fifth-rated basketball team, the Matthews Pirates, swept a pair of victories here last night. The Pirates junior varsity took the opener from the Bloomfield Wildcats, 61-55, followed by the varsity's convincing 71-51 win. Coach Jim Hart's Pirates used their pressure type defense to its effectiveness in the second half, edging away from the Wildcats with a 21-point third period spurge while limiting the hosts to eight.

The win marked the second in a week for the Pirates, who finished as the district's top team last season with an overall 30-2 record. They are 2-0 this season.

Bloomfield held a 14-13 first quarter lead but relinquished it to the Pirates, who outscored the Wildcats 15-12 in the second period and then ran away with the victory in the second half, scoring 43 second-half points while limiting the Cats to 25 points. He is one of two return-starters from the Cats' 1966-67 squad, which compiled a 26-7 record.

Cape Takes Over Second Place Seat

By GARRY WISS Standard Sports Writer

PERRYVILLE -- The Cape Girardeau Central Tigers, a tough and talented football team, followed Sikeston's Bulldogs to the top of the standings in the Northern Division last night by defeating a scrappy Perryville team, 13-7, to move into the Northern Divisions second place seat, ahead of Poplar Bluff.

Central jumped into the lead before halftime, scoring in the second quarter when Jim McCulley bulled over from the one yard line. The conversion attempt failed, and Cape went to the locker room leading, 6-0.

When play resumed, the Tigers scored what proved to be the winning touchdown in the third

period on a 27-yard pass from quarterback Pat Godwin to Mark Stuart, who also kicked the extra point. Stuart had an outstanding season, scoring 52 points and catching more passes than anyone else in the district.

A look at the statistics shows that Cape completely dominated the contest. The Tigers topped the Pirates in first downs (18 to 8), passing yardage (55 to 8), and rushing yardage (215 to 102). They also gave up the slippery ball only twice on fumbles and interceptions compared to six yard line. The conversion attempt failed, and Cape went to the locker room leading, 6-0.

After the big victory last night, Cape Central's overall record stands at eight wins, one loss

Carmean Too Much For Kennett Tribe

By GARRY WISS Standard Sports Writer

CARUTHERSVILLE -- Well, Kennett fans finally have something to rejoice about; the Indians can't lose any more football games this season as they closed out their disastrous 1967 campaign last night with a 21-6 loss to Caruthersville, ending with a 1-8 overall slate.

Hopes of a Kennett victory were raised in the first quarter when a Tiger punt was blocked and recovered by the Indians on the four yard line. Four plays later, Ed McKinney scored from the one-half yard line.

Paul Carmean scored all Caruthersville touchdowns. The first of his scores, this one from 13 yards out, tied the game in the second quarter. The conversion by Mike Fisher put the Tigers on top for good. Carmean added another TD in the third period on a 45-yard runback of a pass interception. The PAT was added by Fisher.

Carmean still wasn't finished. He put the final score on the board late in the fourth quarter when he scored from five yards out. Fisher kicked his third extra point in as many attempts, not a bad trick with a wet and muddy pigskin.

They tell this one about the fabulous Babe Herman when he used to play with the Dodgers. Herman doubled one day and was standing on second base. The opposing catcher fired down to the second baseman who put the tag on Herman. The umpire called him out. . . Herman was flabbergasted: "Ge Whiz Ump," he said. "I was standing right on the bag tapping my foot up and down." The umpire gave him a cold look and replied. "That might be Babe, but he tagged you between taps."

Red Schoendienst hit 300 or better 7 times during this playing career.

Caruthersville closed out its season with a 4-2 record in conference play and a 6-3 overall record. The Tigers finished third in the Southern Division behind Malden and Dexter. Kennett won only one ball game this year and dropped eight, including all six of their conference bouts.

The win marked the second in a week for the Pirates, who finished as the district's top team last season with an overall 30-2 record. They are 2-0 this season.

The Pirates 6-6 center, junior Steve McElvay, harassed the Wildcats offense with numerous blocked shots. In the Wildcats' third-period let-down, during which the Pirates employed a full-court press, the Cats were forced into making 12 bad passes leading to six Pirate layups and a 21-point quarter.

taken Chicago as the second largest.

The fastest-growing metropolitan area in the last decade has been Las Vegas, with a population increase of more than 80 per cent in 5 1/2 years. Two-thirds of the nation's people now live in metropolitan areas -- and the proportion is growing.

As increasing urbanization turns the city into the metropolis -- and the metropolis into the megalopolis -- the 10 per cent of the land area that is urban contains some 70 per cent of the population. In 1965, Detroit (Wayne County) had 4,448 people per square mile and New York City 26,703 -- with Manhattan Island a staggering 67,870. The average population density in the nation has risen from less than night at a Cape Girardeau hospital where he had been admitted Nov. 7. He was 83 years old.

Smith was born at Jackson July 24, 1884, the son of Mr. and Mrs. Alex Smith. He was a member of the Advance Methodist Church.

He was married to the former Miss Hattie A. Crader. She survives.

Also surviving are four sons, George A. Smith, Cape Girardeau, John Nelson Smith, Brookfield, Kenneth Smith, Dothan, Ala., and Vernon Smith, Advance and four daughters, Mrs. DeWitt Tisdale, Scott City, Mrs. Glen Seabaugh, Cape Girardeau, Mrs. James DeLay, Bell City, and Mrs. Byron Cato, Overland.

Also surviving are three brothers, Dewey A., W. C. and Chester C. Smith, and a sister, Mrs. Orville Christy, all of Jackson; 25 grandchildren and 17 great-grandchildren.

Services were 2 p.m. today at the Morgan Funeral Home with the Rev. Lindbergh Stephens officiating. Burial was in Morgan Memorial Park.

From the Enterprise Johnson set out on a continent-spanning journey that is taking him from the placid Pacific to Yorktown, Va., site of the nation's climactic Revolutionary War victory.

In advancing the idea of Vietnam peace talks at sea, Johnson said:

"Standing here, specks between the vastness of ocean and heaven, men might realize the ultimate smallness of their quarrels. They just might come to see the waste of war amidst this wealth of God and nature. 'Somehow they might realize the infinity of promise that stretches outward like the sea, could men only settle their differences and be free to explore it together.'"

All of this, the chief executive said, "may be only a dream." But, he said, it could so easily be salvation.

cemetery may run out of space. Nitz told the gathering at the cemetery that "we face foes whose stubbornness is steeped and seasoned in closed ideological rigidity, and thus who cannot distinguish in our open, free society between dissent and divisiveness - between unity and uniformity."

"The totalitarian temptation is always to read into divergence of views a disloyalty to duty," he said. "There is divergency of views in this republic - and may there always be - but there is no disloyalty to duty."

Detroit readied its biggest parade ever, with American Legion officials prepared for a large turnout due to the Vietnam war "and the growing number of people who support our fighting men."

taken Chicago as the second largest.

The fastest-growing metropolitan area in the last decade has been Las Vegas, with a population increase of more than 80 per cent in 5 1/2 years.

Two-thirds of the nation's people now live in metropolitan areas -- and the proportion is growing.

As increasing urbanization turns the city into the metropolis, and the metropolis into the megalopolis -- the 10 per cent of the land area that is urban contains some 70 per cent of the population.

In 1965, Detroit (Wayne County) had 4,448 people per square mile and New York City 26,703 -- with Manhattan Island a staggering 67,870.

Average population density in the nation has risen from less than night at a Cape Girardeau hospital where he had been admitted.

Smith was born at Jackson July 24, 1884, the son of Mr. and Mrs. Alex Smith. He was a member of the Advance Methodist Church.

He was married to the former Miss Hattie A. Crader. She survives.

Also surviving are four sons, George A. Smith, Cape Girardeau, John Nelson Smith, Brookfield, Kenneth Smith, Dothan, Ala., and Vernon Smith, Advance and four daughters, Mrs. DeWitt Tisdale, Scott City, Mrs. Glen Seabough, Cape Girardeau, Mrs. James DeLay, Bell City, and Mrs. Byron Cato, Overland.

Also surviving are three brothers, Dewey A., W. C. and Chester C. Smith, and a sister, Mrs. Orville Christy, all of Jackson; 25 grandchildren and 17 great-grandchildren.

Services were 2 p.m. today at the Morgan Funeral Home with the Rev. Lindbergh Stephens officiating. Burial was in Morgan Memorial Park.

From the Enterprise Johnson set out on a continent-spanning journey that is taking him from the placid Pacific to Yorktown, Va., site of the nation's climactic Revolutionary War victory.

In advancing the idea of Vietnam peace talks at sea, Johnson said:

"Standing here, specks between the vastness of ocean and heaven, men might realize the ultimate smallness of their quarrels. They just might come to see the waste of war amidst this wealth of God and nature."

"Somehow they might realize the infinity of promise that stretches outward like the sea, could men only settle their differences and be free to explore it together."

All of this, the chief executive said, "may be only a dream." But, he said, it could so easily be salvation.

Johnson Taken

To Task for

Grid Remarks

WASHINGTON (AP) - President Johnson's joking remarks about college gridiron scrambling have kicked off a political football caught by a former college star-House Republican leader Gerald R. Ford.

Ford, a mainstay of Michigan's undefeated national football championship teams of 1932 and 1933, took issue Friday with remarks the President made about the sport to Crown Prince and Princess Vong Savang of Laos.

The royal visitors plan to watch the Stanford-California game next Saturday, so when they were in town Thursday Johnson in a light vein told them: "College football is a great spectacle, but I am not sure that it gives an accurate picture of America. To see some of our best-educated boys spending an afternoon knocking each other down -- while thousands cheer them on -- hardly gives a picture of a peace-loving nation."

Ford said he was shocked. "I find it difficult to believe that the President of the United States would demean college football," the GOP leader said. "Personally I am glad that thousands of fine young Americans can spend this Saturday afternoon 'knocking each other down' in a spirit of clean sportsmanship and keen competition instead of assaulting Pentagon soldiers or policemen with 'peace' placards and filthy words."

He referred to the recent antiwar demonstration in Washington.

year at Lutheran Hospital School of Nursing in St. Louis.

WANTED TO BE NURSE Mrs. Ross wanted to become a nurse in high school, but postponed her plans because of marriage. She entered the AA program at Cape Girardeau in 1958, after her youngest child Beth was in kindergarten.

She was awarded her AA degree in 1961, and after passing the State Board of Nursing examination received her RN. She then worked as a staff nurse in obstetrics at St. Francis Hospital in Cape Girardeau until 1963, when she entered the BS program.

She continued to work part-time at the hospital and carried a few college courses at a time, until 1965, when she entered the nursing program on a full-time basis.

"It seemed like a good opportunity, especially since I live in Cape Girardeau anyway. I realized there was a lot more to learn in the field of nursing and I wanted it," she said.

She credits her husband's encouragement and financial help as the two chief reasons she was able first to become an RN, and now to earn her BS in nursing.

She had intended to enter public health nursing after receiving her BS degree, but is now working with a stroke rehabilitation program in Cape Girardeau.

PROGRAM YOUNG The three nurses graduating in June brought the number of BS in nursing recipients graduated from Cape Girardeau to eight. Four nurses were graduated in 1965, and one graduated in 1966, Dr. Kinney said.

"It's a sin and a shame that more registered nurses are not making use of the opportunity offered them. The cost is nominal, she continued.

She became an RN long before she received her high school diploma in 1932.

She was the director of the public health nursing program at St. Louis University from 1945-50, and director of the Bureau of Nursing, State Department of Health in Jefferson City from 1950-58. She has been with the college since then.

The nursing profession has been notoriously overworked and underpaid for several years, she says, but it holds another type of reward.

"That look the patient gives you when you finish caring for him... that look says more than words can say. It is your reward."

Missouri 4-H'ers Going To Chicago for Congress

In four years he collected more than 12,000 insects, won eight championships and 18 blue ribbons. He organized the first entomology judging contest in Jackson County. He is a member of the Teen International Entomology Group and president of Jackson County Junior Leaders.

Getting acquainted with 4-H members from Canada, Puerto Rico and the various states will be part of the fun of attending the 46th National 4-H Club Congress in Chicago, Nov. 26-30. It is expected that 1,650 4-H delegates will attend.

Four of the Missouri delegates are Mary Ann Rose, 17, of Carrollton; Robert Miller, 18, Independence; David Schlesselman, 19, Concordia; and Beth Kenagy, 17, Garden City. They were chosen as state winners by the Cooperative Extension Service which directs 4-H programs.

Miss Rose won her trip award in the 4-H Home Improvement program sponsored by The S&H Foundation, Inc. Because of his entomology know-how Miller will be the 4-H Congress guest of Hercules Incorporated.

Tractor efficiency by Schlesselman merits his trip award from American Oil Foundation. Miss Kenagy wins for photographic skill, courtesy of the Eastman Kodak Company.

In her six-year home improvement program Miss Rose, daughter of Mr. and Mrs. Wayne A. Rose, did a variety of work. She dyed the bathroom curtains a deep purple, made a pink chintz bedspread with quilted top and matching pillow shams, covered chairs and refinished furniture. She estimates the savings from all her work at about \$200.

Miss Rose said, "My work in 4-H has helped me become the Missouri state president of Future Homemakers of America." She held a workshop for all regional presidents and assisted other home economics students.

To help younger members understand entomological terms Miller wrote a booklet, "Glossary of Common Entomological Terms," published by the University of Missouri Extension Center.

His parents, Mr. and Mrs. Clare H. Miller, 4-H volunteer leaders, let him have a spare bedroom for his "bug" room. He set it up like an assembly line, from pinning and spreading insects to the collection boxes.

Schlesselman, a St. Paul's College sophomore, has served as tractor maintenance junior leader two years. Last year he won state recognition for a tractor maintenance report. A 10-year 4-H'er, he won the county skilled operator's contest three years.

He is the son of Mr. and Mrs. V. H. Schlesselman. He served as president of Lafayette County Junior Leadership Group and Concordia Betterment Youth Council. He plans to teach mathematics and geography after college.

Miss Kenagy served as photography editor of the school annual and assistant editor of the school paper, "The Jester," and as photographer for both. She shot about 4,000 pictures. Some were sent to newspapers.

Miss Kenagy, daughter of Mr. and Mrs. Charles Kenagy, has worked as dark room assistant for local photographers. A high school senior, she plans to be a photographer and commercial artist in the home economics field after college.

Her 4-H demonstrations included loading a camera, using a light meter and artificial lighting for photography.

To help younger members understand entomological terms Miller wrote a booklet, "Glossary of Common Entomological Terms," published by the University of Missouri Extension Center.

Miller

His parents, Mr. and Mrs. Clare H. Miller, 4-H volunteer leaders, let him have a spare bedroom for his "bug" room. He set it up like an assembly line, from pinning and spreading insects to the collection boxes.

Schlesselman, a St. Paul's College sophomore, has served as tractor maintenance junior leader two years. Last year he won state recognition for a tractor maintenance report. A 10-year 4-H'er, he won the county skilled operator's contest three years.

Kenagy, daughter of Mr. and Mrs. V. H. Schlesselman. He served as president of Lafayette County Junior Leadership Group and Concordia Betterment Youth Council. He plans to teach mathematics and geography after college.

Miss Kenagy served as photography editor of the school annual and assistant editor of the school paper, "The Jester," and as photographer for both. She shot about 4,000 pictures. Some were sent to newspapers.

Miss Kenagy, daughter of Mr. and Mrs. Charles Kenagy, has worked as dark room assistant for local photographers. A high school senior, she plans to be a photographer and commercial artist in the home economics field after college.

Her 4-H demonstrations included loading a camera, using a light meter and artificial lighting for photography.

SITTING FOR SILENCE
HONOLULU (AP) — The University of Hawaii had a new side with a portable blackboard, it is said.

R. M. Worth, professor of the public health, and his epidemiology class of 56 graduate students sat in the path of a bulldozer digging a drainage ditch.

The professor and the students were not protesting drainage ditches.

They simply were trying to hold class—a near impossibility inside with the bulldozer in operation outside.

The professor gave the bulldozer operator a class schedule and 24 hours' notice that he'd move in the vehicle's path unless the machine was silenced when the students gathered.

The driver talked to the foreman but told work had to continue to meet a contract deadline.

The students then carried their chairs "and we moved out side with a portable blackboard," Worth said.

"It's a two-hour course. At the end of the first hour we were assured the work would not continue so we moved back inside the building."

DIDN'T CHECK
SPEAKER'S OPINIONS
NEW DELHI (AP) — The New Delhi Insurance Institute invited the wrong man to speak to them—Deputy Prime Minister Morarji Desai.

Desai told them, "I do not believe in having a secured life anytime. The most insecure life is really a secure life."

Fortunately, he added this man but applied to himself and he would be happy if everyone else in India were insured.

Ann Landers BVD's A Mess on Washdays

Dear Ann: You told Prudence it would take her less time to turn her husband's undershirts and socks and shorts rightside out than it took to write a letter to you complaining about it. Well—time this:

One husband and five boys equals 84 socks per week, 42 undershirts, 42 pairs of shorts, and I'm not counting pajamas, sweatshirts and jerseys.

From the day we married my husband has managed to drop his clothes in the hamper wrongside out. I reminded him about it several times. He'd remember for a day or two and then slip back into his old ways. Finally I gave up.

Now I'm having the same problem with my sons. The youngest is 8 and the oldest is 16. They gloated when they showed me the column where you said in effect, "Shut up, Mom, and continue to pamper the slob."

Give my regards to your laundress, you traitor. — MAD AT YOU

Dear Mad At Me: Don't put words in my mouth, Lady. I didn't say, "Shut up, Mom, and continue to pamper the slob." I said, "It takes less time to turn your husband's socks and shorts than to nag him about it."

Your husband came to you trained (or untrained) by his mother but it's your job to do better by your future daughters-in-law than your husband's mother did by you. Insist that your sons do as they're told and don't take any lip.

Dear Ann Landers: I am a 15-year-old girl. My mother has been married four times and is in love again. You wouldn't believe the collection of creeps that have walked through her life.

Now she claims I am the cause for all her unhappiness because Eddie has told her the reason he can't marry her is because I don't like him. He is right about my not liking him but I have a hunch he wouldn't marry her no matter what because he is not the marrying kind.

Last night Mom asked me to take my choice of girl's schools because she is sure if I leave town Eddie will marry her.

I wouldn't mind going to a girl's school. It might be fun. But I resent being pushed out of my own home for this drip.

What should I do? — DISPLACED DAUGHTER

Dear Daughter: The girl's school could be more than fun. It could be a far healthier environment than your home. So—pack your bags and go.

Dear Ann Landers: I was burned up when I read the letter from the teenager who was embarrassed because his mother sang so loud in church. I wish I had his problem.

My father is the loud singer in our family, but the circumstances are a lot different. Dad gets as drunk as a billy goat, comes home anywhere from midnight to 5 a.m., and sings the drinking songs he learned in the Merchant Marine.

A girl I like lives next door and whenever she says, "Your father woke us all up again last night," I want to fall into a hole.

Please publish my letter so the kid with the religious mother will realize he has nothing to be ashamed of. — WILLING TO TRADE PLACES

Dear Willing: Here's your letter and I hope the kid sees it. It would be nice if your dad saw it, too.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Rating Do's and Don'ts," enclosing with your request 35¢ in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope.

DANGEROUS JOB
DENVER (AP) — A process server, Calvin Smith, went to a stockyard auction to serve a complaint and became an unwilling bidder for an Angus calf.

When Smith pointed his finger at the man to whom he wanted to hand the subpoena, the auctioneer called, "I'm bid \$400."

But Smith didn't have to buy the calf—someone else bid \$500.

If You Were The Judge Nose Job Required after Sally Flips over Hats

By Jack Strauss, L.L.D.

THE CASE OF THE ENRAPTURED WOMAN
Sally was so addicted to shopping that she was almost individually responsible for the nation's prosperity. While others followed the horses, she followed the sales.

While thus engaged in Rapaport's Department store, however, she beamed in to a three-point landing. Concentrating on a display of the most fantastic looking hats, she tripped over a low table in an aisle and landed on her two knees and skidded to a halt on her nose.

Needing substantial repairs, Sally sued Rapaport for her injuries.

"A department store aisle should be kept clear, she complained in court. "When a woman goes shopping, it's not for injuries."

"If she had used her eyes instead of her nose," was Rapaport's defense, "there'd have been no accident. Therefore, Sally's injuries were her own fault and she's not entitled to collect."

IF YOU WERE THE JUDGE, would you permit Sally to collect for looking at the hat display instead of where she was walking?

This is how the judge ruled: Sally was awarded damages. The judge held that a female customer can be expected to be distracted by a display of hats. Consequently, a merchant displaying such an attraction must anticipate the response it is likely to evoke in a woman shopper and provide proper safety for her while she is wrapped in enrapture over the hats.

(Based upon a 1965 United States District Court Decision)

TODAY'S LEGAL POINTER:
As a general rule, real-estate brokers and insurance brokers require a license to engage in that business. The license requirement is a protection for the public. Take advantage of that protection by asking to see the license of a purported broker before doing business with him.

Dear Mad At Me: Don't put words in my mouth, Lady. I didn't say, "Shut up, Mom, and continue to pamper the slob." I said, "It takes less time to turn your husband's socks and shorts than to nag him about it."

Your husband came to you trained (or untrained) by his mother but it's your job to do better by your future daughters-in-law than your husband's mother did by you. Insist that your sons do as they're told and don't take any lip.

Dear Ann Landers: I am a 15-year-old girl. My mother has been married four times and is in love again. You wouldn't believe the collection of creeps that have walked through her life.

Now she claims I am the cause for all her unhappiness because Eddie has told her the reason he can't marry her is because I don't like him. He is right about my not liking him but I have a hunch he wouldn't marry her no matter what because he is not the marrying kind.

Today In U.S. History

By THE ASSOCIATED PRESS
Today is Saturday, Nov. 11, the 315th day of 1967. There are 50 days left in the year.
Today's highlight in history: On this date in 1918, World War I ended with the signing of the Armistice.
On this date: In 1620, the Pilgrims signed a compact aboard the Mayflower while anchored off Cape Cod.
In 1889, the 42nd state, Washington, was admitted to the Union.
In 1921, the Washington Disarmament Conference convened.
Also in 1921, the Unknown Soldier was buried at Arlington National Cemetery.
In 1933, the first of the great dust storms of the 1930s swept over North Dakota.
In 1942, Allied forces won control of Algeria and French Morocco during World War II.
Ten years ago: Thousands of Palestinian refugees demonstrated in the streets of Damascus, Syria.
Five years ago: A typhoon devastated the island of Guam.
One year ago: A U.S. Gemini 12 spacecraft was successfully hooked up with an Agena satellite after a 64,000-mile chase through space.

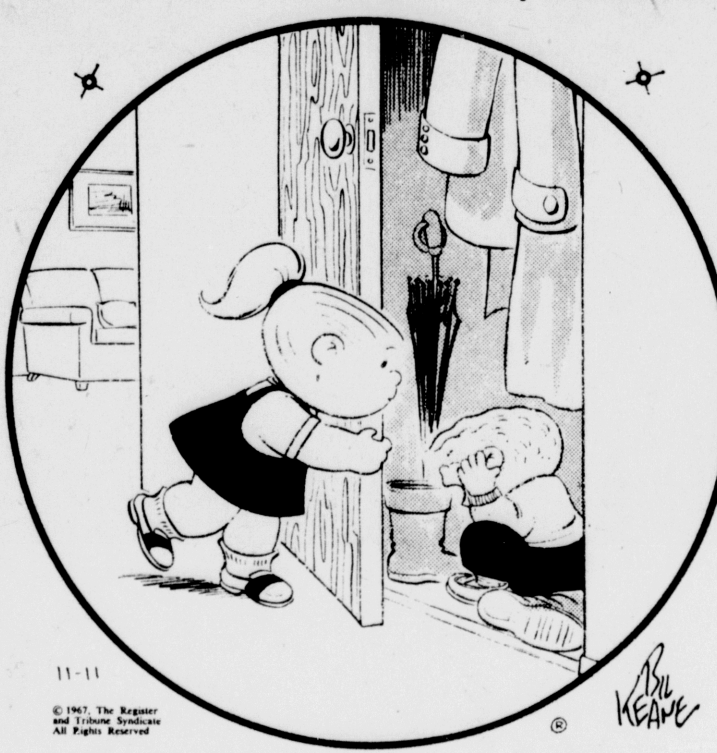

Thomas Jefferson for many years kept detailed records of the weather at Monticello, his Virginia estate. For a time he compared his data with a friend's reports for Williamsburg.

WHY ...

Do Stores Start Christmas Before Thanksgiving?

That's a question that's often asked and it deserves a sincere answer!

Your newspaper appreciates the spirit that prompts many of the objections to early Christmas shopping promotions. However, when the reasons for the urge to "Shop Early" are examined, the most critical agree it's MORE than a problem for stores alone.

So we're happy to take this opportunity to present some of the problems that confront all stores at holiday time.

Every successful store directs its best effort toward perfecting a helpful service to ALL its customers. And since many customers ask stores to make it easier for them to complete their gift shopping before the crowded-post-Thanksgiving period, Christmas merchandise and displays are brought forward early to accommodate them.

And scarcely a major store in the nation could cope with the store traffic that would be generated if any part of early Christmas shopping was postponed until after Thanksgiving. Even under present circumstances most stores are strained to capacity during the peak of

the season, to maintain the kind of store service all shoppers have learned to expect.

When you recall the extremely crowded conditions of stores the final two or three weeks before Christmas the problems becomes evident.

If no early Christmas shopping were done this condition would be multiplied many fold. (Actually there would not be enough room behind store counters for enough sales people to serve shoppers during this period between Thanksgiving and Christmas.)

The same condition exists in regard to the children's visits to Santa Claus. Thousands of children and their parents look forward to their annual visit with him, and unless he makes an early appearance, many hundreds would be doomed to disappointment, simply because it's physically impossible to reach him in a shorter time.

Those in the store business know that an extremely large percentage of the Christmas gifts that are selected are

items that are in plentiful supply the entire year.

If you were to ask the thousands of retail employees— and as a group they represent one of the largest employee groups in Sikeston they would tell you that much of the stress and strain of their Christmas would be relieved if the shopping public would anticipate Christmas shopping throughout the year. (Then you'd seldom hear your friends in retailing remark, "I'm simply worn down to my knees by Christmas Eve.")

Granted that the problem is not a one-sided one it should be recognized that stores are faced with the problems of convenient service to customers, of maintaining helpful employee relations, of providing a place where those of the public who can not, or do not, plan ahead may select the traditional gifts for their loved ones and friends.

We are sure that if all of our storekeepers could chat with you, personally and informally, that you would be convinced of their sincerity, and that in the true spirit of Christmas they would not be criticized for their efforts to perform a helpful service to their shopping public.
